To Whom It May Concern:

PROJECT: Ferrari - Maserati Showroom Refurbishment, Great South Road

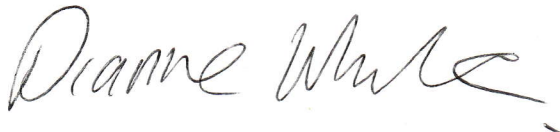

APT Tiling was contracted to install 1440m² of client supplied Italian tiles to the display floor area and feature walls to the bathroom of the Ferrari - Maserati Showroom.

APT Tiling was accommodating with the tight programme due to the lateness of the imported supplied tiles and was successful at completing the project on time. APT Tiling was co-operative on site and a pleasure to work with and the quality and finish of their work was of a high standard.

Canam Construction would be happy to have APT Tiling on future projects.

Yours faithfully
